## PROFILE SUMMARY

Entry-level Software Engineer with hands-on experience in Python (Django, FastAPI), PHP (Laravel), MySQL, and full-stack web development. Strong OOP fundamentals, RESTful API design experience, and solid understanding of SDLC and Agile methodologies. Proven ability to build, test, and maintain real-world applications through multiple internships.

## TECHNICAL SKILLS

|          |                                                       |
|----------|-------------------------------------------------------|
| Backend  | Python (Django, FastAPI), PHP (Laravel), RESTful APIs |
| Frontend | HTML5, CSS3, JavaScript, React.js, jQuery             |
| Database | MySQL, SQL Query Optimization, Database Design        |
| Tools    | Git, GitHub, VS Code, Power BI                        |
| Concepts | OOP, SDLC, Agile, Software Testing, MVC Architecture  |

## PROFESSIONAL EXPERIENCE

### Junior Developer Intern | Orisys InfoTech Pvt. Ltd.

 Apr 2025 – Mar 2026  Bhubaneswar

- Developed and maintained large-scale government websites (OFDC & MKCG) using PHP and jQuery, serving thousands of users.
- Optimized SQL queries resulting in significant reduction in page load time and overall application performance.
- Fixed critical UI bugs, improved frontend components, and collaborated with senior developers on feature enhancements.
- Followed Agile development practices and participated in code reviews and sprint planning sessions.

### Python Trainee | Lakshay Institute of Technology

 Jun 2024 – Nov 2024  Bhubaneswar

- Built a Student Database Management System using Python and MySQL, enabling full CRUD operations on student records.
- Designed and developed user-friendly GUI interfaces using Tkinter, improving user interaction and system usability.

### Web Development Intern | Aspire InfoLab

 Sep 2023 – Oct 2023  Hyderabad

- Built responsive HTML/CSS blogs and portfolio websites from scratch.
- Performed software testing for Happily Health and Spotify apps, logging bugs and developing 25 comprehensive test cases in MS Excel.
- Developed structured QA documentation improving defect tracking and reporting accuracy.

## PROJECTS

### Workline – Job Portal | React.js, FastAPI, Python, MySQL, SQLAlchemy [github.com/ratnakarguru](https://github.com/ratnakarguru)

- Built a full-stack job portal with React.js frontend and FastAPI backend, featuring candidate profiles, resume upload, and job listings.
- Implemented role-based authentication, RESTful APIs consumed by React frontend, and MySQL data persistence with SQLAlchemy ORM.

### URL Shortener Platform | Python, Django, MySQL, HTML/CSS

- Developed an end-to-end URL shortening web app with Django allowing users to generate custom short links and track real-time usage statistics.
- Implemented MVC architecture, URL routing, database models, and a live analytics dashboard.

### **Desttrip – Travel Management System** | *PHP, MySQL, XAMPP, HTML/CSS*

- Developed a full-stack travel website with user authentication, destination browsing, itinerary management, and review features.
- Designed relational database schema for users, destinations, bookings, and reviews with a complete admin panel.

## **EDUCATION**

---

**B.Tech in Computer Science & Engineering**  
Gandhi Institute For Technology, Bhubaneswar (BPUT)

*Nov 2021 – Jun 2025*  
**CGPA: 7.77 / 10**

**Higher Secondary Certificate (HSC – Science)**  
Nachuni Higher Secondary School, Khordha, Odisha

*2019 – 2021*

## **CERTIFICATIONS**

---

- HTML and CSS – Infosys Springboard
- Manual Software Testing – Infosys Springboard
- Python and MySQL Internship Completion – Lakshay Institute of Technology
